

Dear Friends,

This year we celebrate 200th anniversary of founding of the College (Velika Škola) which later became University of Belgrade. On that very occasion University of Belgrade plans a celebration in Belgrade, on September 13th, 2008.

Join us on this celebration and in founding of University of Belgrade Alumni organization.

More than 350.000 students have graduated at University of Belgrade, since its foundation on 1808. Following the tradition of well-known European and world universities, University of Belgrade wants to found its own Alumni organization.

In observance of the anniversary, University of Belgrade, together with Studenica Foundation from USA and Serbian Unity Congress, is inviting all graduates of University to attend the celebration and to help creating Alumni organization. The main driver behind this idea is to get connected University of Belgrade graduates, residing in Serbia and abroad.

Join us in this effort and help us create University of Belgrade Alumni organization! It will be a great contribution to Serbian society and culture, above all to Serbian education system and University of Belgrade.

Yours,

Mirjana Samardzija,
SUC President

Michael Djordjevic,
Studenica Foundation President
